DETAILED ACTION

1. Claims 20-24 are allowed and renumbered as 1-5, respectively.
2. The following is an examiner's statement of reasons for allowance:

The cited art taken either singly or in combination with other prior arts fails to anticipate or fairly suggest the limitations which the Applicant claims in independent claim 1 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103, especially when these limitations are considered within the specific combination claimed.

The cited art, U.S. Pat. No. 6,603,204 to Gates et al., discloses a low-k dielectric metal conductor interconnect structure. Gates et al., however, fail to teach or fairly suggest, among others, at least, a via beneath said trench and within said low-k dielectric, the via, which is formed beneath the trench and within the low-k dielectric, having a plurality of via edges, said plurality of via edges having a substantially orthogonal shape, said via having a second width and a second depth, said second width being smaller than said trench first width and second depth being greater than said trench first depth, as recited in claim 20.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Luan Thai whose telephone number is 571-272-1935. The examiner can normally be reached on 6:30 AM - 5:00 PM, Monday to Thursday.
